

Dallas Hand Knitters Guild 1991-2011

20th Anniversary

Hello DHKG Members!

A big Thank You to our December speaker!

And a big thanks to all of you who brought goodies and supplies for us during the meeting...what could be better than knitting and noshing while learning more about knitting?

As we usher in the New Year, I think back about all of the projects I've completed in 2011 and how I've grown as a knitter. Like my pile of New Years resolutions that I've filed away in the Fail box, I realize I have a UFO box about as big! So I've decided to tackle both problems at the same time.. Instead of making New Year's resolutions I will make New Years Challenges for myself. How many of those UFO's can I complete or Rewind by the

end of 2012?!?

I also look forward to many knitting adventures this year. How much of my stash will I get through? How much new yarn can I buy and still stay in my budget?

Here is my Ravelry round up for the New Year.
